

# Glitters-Regular Grade

**Regular Glitter** manufactured from high-brightness plating substrates (PET film, Holographic PET film, Iridescent Film), precision-cut by advanced equipment.

As a unique surface treatment material, it features:

- Enhanced visual three-dimensionality for products, making decorations more stereoscopic.
- High-light flash effect, creating brilliant and dazzling decorative appeal.

## Application

Apparel printing, stationery cards, New Year ornaments, tile grout, packaging, glitter leather, EVA products, crystal shoes, glass ornaments, paint & ink, crystal steel doors, cosmetics, home decorations, wallpaper, Christmas ornaments, electronics

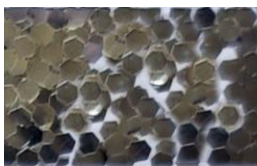

## Recommended Application Methods:

Silk-screen printing, Surface coating, Spraying
